Heathrow Express

Heathrow Express is the fastest, most frequent way to travel between Heathrow Airport and Central London. With no traffic jams, taxi queues or stops to worry about, travellers can be in the centre of London, or inside the airport, **in just 15 minutes**. Check the schedule below.

Onboard services

- Onboard enjoy **Express TV**, with up-to-date news and weather, as well as international and local information about destinations and attractions.

- **Spacious seat** with plenty of **space for luggage.**

- **First Class accommodation** stops by the station exits, guaranteeing quicker and easier access to the terminals. Travellers will also appreciate more leg room, uninterrupted mobile coverage/Internet Wi-Fi and complimentary papers.

- Dedicated **quiet Zone** in both classes:
The Quiet Zone is great for passengers who want an even more relaxing journey to the airport. Passengers are asked to use mobile phones and personal stereos with consideration and discretion. Even Express TV is switched off.

- Trains are level with the platform to ensure luggage is easily transported on and off the train. Wheelchair users also have dedicated areas throughout the train.

- Check-in at Paddington Station **(NEW!)**
The journey to Heathrow can be even more relaxing by checking-in for the flight at Paddington Station before boarding the Heathorw Express. They can choose their seat and print out the ticket at the check-in machines, located by the Heathrow Express ticket office at platforms 6 & 7.

Finally, the **London Heathrow Central railway** will provide the necessary information for reaching the British destinations.
